Breakfast | Lunch | Dinner

- The Antarctic Peninsula unravels upwards towards South America, reaching out a beckoning finger to the adventurous, who dare to explore this untamed realm. Stretching up from the heart of the world's southernmost continent, the Antarctic Peninsula lies a mere 620 miles from Tierra del Fuego and, for many, offers a spectacular first taste of the snow-blanketed landscapes and colossal ice sculptures, which make up Earth's least-explored continent. Unseen by humans until 1820 - a blink of an eye ago in relative terms - this is an adventure sure to make your hairs stand on end, as you experience the thrill of the truly unknown and extraordinary. Blanched mountain peaks cover the peninsula, and you'll find thousands of adorable Adelie penguin pairs thriving undisturbed in this peninsula's unique setting.

The nimble Zodiac enables you to navigate narrow inlets, reach islets, and glide by ice floes. Captained by experienced operators, nearly every excursion is hosted on these sturdy vessels, allowing for both planned and impromptu adventures as wildlife dictates and conditions allow.

LANDINGS AND GROUP HIKES

Our Expedition Leaders host guided walks ashore identifying exotic species, unique glacial formations, geological structures, and other fascinating features. Experience the thrill of setting foot on far-flung lands and conquering new territories. Whether you're following in the footsteps of famous explorers or greeting a colony of gentoo penguins, you'll gain a deep and lasting understanding of this remarkable land.

KAYAKING ADVENTURES

Immerse yourself in the raw beauty of these regions through guided kayaking tours, where you forge personal connections to the polar wilderness. Under the guidance of certified kayak instructors, you'll paddle through fjords and some of the world's best natural aquariums.
